YOUTH EXPERIENCEING HOMELESSNESS IN THE NORTH WEST SUBURBS

Tonight in our community approximately 500 youth under the age of 24 are homeless, sleeping in tents along the Mississippi River, in abandoned buildings and cars. These youth are children from broken families with no relatives or friends to take them in. They are afraid and hopeless. Please be generous in giving to support our youth. Donation go directly to the youth.

The St. Gerard's Youth Homelessness Project is dedicated to prayer, outreach, service and awareness of youth homelessness. Our goal is to educate parishioners about the real, on-going issue of youth homelessness in our community and to aid various organizations in eliminating youth homelessness in the northwest suburbs.. Please join us in prayer to end youth homelessness.
