A NOTE FROM THE PASTOR

It was wonderful to have Father Don Willard, C.Ss.R., the pastor of Saint Alphonsus Church, with us for the weekend liturgies last weekend. I appreciate that he was able to sub for Father Tuan and I. He felt very welcomed by our St. Gerard parish community. I was confident that it would be a good experience for him but also for us.

This weekend I am at St. Bridget parish for the weekend masses completing our lengthy discernment process. This is the weekend where the final components of the discernment process will be gathered. At the conclusion of the weekend masses I will be meeting with the trustees of the parish, the parish finance council and also the pastoral council and we will come to a decision about our uses of the campuses. One campus will emerge as the physical manifestation of St. Bridget parish and the other campus will be closed. As you may know that is a difficult decision and a decision that is necessary in order for the parish to continue to grow and to prosper. As difficult as the decision might be to choose, not to make a decision would be even more painful in the long run and ruin any possibility of future growth. I am pleased that so many of the parishioners of St. Bridget have generously entered into the discernment process.

As St. Bridget is engaged in this process, other parishes, such as our own St. Gerard, continue in our unique discernment process. The issues are not the same in one sense but in another sense there are similarities: each parish community is trying their best to discern how best to be the witness of Jesus in our geographical neighborhood and with/for the people that we serve. In one sense you could argue that there is more that unites our effort than divides our effort, even though the particular details might be in stark contrast. One example comes to mind for me.

For a very long period of time, one of the unique focuses of our St. Gerard parish community was to pay down/off the debt that the parish owned as a result of the building of the church. At one time this debt was staggering but through real concentrated effort and diligence the finance council was able to lead our community to the point where we were able to significantly retire the debt. In order for this to happen, and there were many circumstances that influenced that decision process as it unfolded, some efforts and even needs were prioritized over others. Not unlike what each of us do in our own households and in our own families, we prioritize what is possible and what is not possible. Although the goal was to completely retire the debt before we turn our attention to our needs, this proved to be difficult and perhaps not sustainable.

We have some significant safety issues that need to be addressed and really should not be postponed. We have some maintenance challenges that are to the point where if we further postpone taking care of them we will be past the point of routine maintenance and will be rather looking at

something much more substantial. As a result of these real needs and safety issues, and presented with the opportunity to once again refinance our debt and to claim some much needed capital to address these issues, we have made the decision to proceed. As a result of this decision, we have increased our total debt to a level that we believe is manageable, extended the payment terms, and reduced our monthly contribution to paying down the debt. This will enable us to address two significant safety issues that should not be postponed any longer: the pavement of the parking lot and the flooring of St. Francis Hall. In addition, we will be doing some work in the kitchen which will enable us to expand the use of our kitchen and hopefully increase opportunities for even more and focused use of the kitchen and our hall for the benefit of all.

In a few weeks, I intend to talk at length about all of these issues and the decisions that have been made at our weekend liturgy. At the same time, we will incorporate some other efforts and focuses that are part of the lived context of who we are as a parish community. Hopefully, when all of this takes place, not in isolation but rather in unison and with a real sense of creative energy and integration, we will all be the better for it.

Have a great week. Remember the people of St. Bridget in your prayers this weekend and let us continue to remember each other. As I have said many times, none of us completely understand how prayer works, we just know that it does!

Fr. Tom Santa, C.Ss.R.

MEN ARE YOU READY TO ACCEPT THE CHALLENGE?

Our communities need strong Catholic men to answer the call to lead with faith, to protect our families, serve others and defend our values. For over 100 years the Knights of Columbus have done exactly that, standing up for the Church, serving the least among us, and strengthening our parishes and families. Eligible Catholic men can now join the Knights of Columbus online in a simple streamlined process. As a member, you join a worldwide community of two million men, including 41,000 here in Minnesota who stand together. Men have a duty to lead, protect, serve and defend. The world needs more committed, unified Catholic men to answer the call. Will you answer? Visit kofc.org/joinus to learn more about the many benefits of membership in the Knights of Columbus.
