

Your Donations Make a Difference!

“Hennepin County has over 3,200 homeless individuals on any given night.”

WHO YOUR DONATIONS WILL BENEFIT

At Hennepin County, Health and Human Services, we serve over 1,100 families each year who are experiencing homelessness through the Shelter Program. On average, each family spends 47.9 nights in a shelter. Your donations will go to individuals and families experiencing both short-term and chronic homelessness. Another program that directly serves homeless individuals, is *Healthcare for the Homeless*, serving over 4,200 people every year.

ABOUT HEALTHCARE FOR THE HOMELESS

Hennepin County's Health Care for the Homeless Program provides a variety of health and wellness services to homeless individuals. It operates medical clinics at nine different shelters and drop-in centers in Minneapolis to address health concerns, provide treatment, manage medications, coordinate health care services, provide health education and coordinate access to health and social services in the community. Hennepin County has over 3,200 individuals homeless at any given night and these essential health services help so many people.
